

## Press Release

Zurich, 8<sup>th</sup> February 2022

### **MESPAS appoints new Area Sales Manager Greece**

**MESPAS, the maritime software specialists, are delighted to announce the appointment of Iraklis Tarlas as their new Sales Manager Greece.**

With Athens and Greece as one of the hubs of the European maritime industry, MESPAS has for some time been looking for a qualified and talented person to head up their business there. We are now delighted to announce that we have recently appointed Iraklis Tarlas as our new Area Sales Manager Greece.

Iraklis is a mechanical and marine engineer with many years' experience in the maritime industry. He knows both the Greek maritime market and the maritime software business inside out and will be a great asset to the MESPAS team.

He will be actively working to expand the MESPAS footprint in this important market, with both our Technical Ship Management software and our online procurement platform. Both are based on our unique database in the cloud.

We are delighted to have him on board.

#### **About MESPAS**

MESPAS is an independent Swiss IT and engineering company, with subsidiaries and partners throughout the world. Our technical ship management software enables our customers in the maritime industry to run their ships safely and efficiently, resulting in better performance, decreased costs and lower emissions.

Our e-trading platform [connect.mespas.com](http://connect.mespas.com) allows ships, management offices and suppliers to digitally place and receive offers, orders and invoices.

MESPAS is the only company in the maritime industry whose products are provided on cloud-based software, with a unique library of millions of machine types, spare parts and documents, all instantly available to our customers to improve their business processes.
